karenw@familyshelterservice.net**

Did you know that one in three women and one in four men are victims of abuse?

Your neighbors, your co-workers, your friends and your loved ones may be affected. It's not just a family problem, it's a community problem.

Our local economy loses 18 million dollars annually because abused employees can't function at work.

Each year, in DuPage County, an estimated 29,000 children witness violence in their own homes.

Law enforcement is overwhelmed with domestic violence calls. 5,000 calls to our hotline came from police officers in DuPage County each year.

This isn't happening somewhere else. This is taking place in our own community. We invite you to partner with us in providing victims with critical life-saving services. Together, we can help keep our community safe and help victims to thrive, not just survive.
